7th Sept. 1910 Madrid Hotel de la Paz.

When I was left in Madrid you recd. only one picture postcard you told me - altho you wanted many more. This time I am sending you more I hope you are pleased. Do not fancy I doubt you would about the letters which missed me or so I told you you went to Finland. I believed what you told me implicitly & I know it. You are not capable of leaving the house without my knowledge & consent. So that is settled. - I will send you as many cards as I can. (And I shall be very glad to see for my article this month any & the last) I will forward & the other work which when I get my article I have promised send early to your path. - My best wishes,
 Your aff
