Biography & Program note

Ferrer Ferran was born in 1966, in Valencia, Spain. When he was only fifteen years old, he had already graduated as a pianist and percussionist. He also obtained diplomas in the fields of chamber music and accompaniment. He received a degree in composition and conducting from the Royal Academy of Music in Great Britain.

Ferran has performed all over Spain as a soloist, together with chamber ensembles, and accompanying great international soloists. He works with a number of Spanish symphony orchestras. Furthermore, he is active as a composer, pianist, conductor, and teacher at the *Conservatorio Superior de Música de Valencia* in Spain. Ferran is specialized in composition and accompaniment.

Ferrer Ferran

He has written many compositions, *inter alia* for ensemble, choir, chamber orchestra, and symphonic wind orchestra – the premieres have mostly been performed by renowned ensembles. Various works from Ferran's pen have been selected as test pieces for important contests and festivals. He has won various composition awards and acknowledgements as well, such as the one given by *Juventudes Musicales de España* (Young Musicians of Spain). He also won a number of prizes in Corciano (Italy).

Ferran's compositions have been released by publishing houses in Spain, France, and the Netherlands. Since the year 2002, his works have been published under the label Ibermúsica.

El Quijote

This composition is dedicated to 'el lugar de la Mancha' (a place in La Mancha), called Argamasilla de Alba, the beautiful place that was the source of inspiration. This work is also a token of appreciation for all musicians of the band Maestro Martín Díaz, and its conductor, Miguel Carlos Gómez Perona.

Don Quixote, Cervantes' masterwork, is one of the most admirable creations of the human mind: a perfect caricature of the romance of chivalry. The two main characters, Don Quixote and Sancho Panza, stand for two aspects of the Spanish soul: one aspect is the idealistic dreamer who forgets about the necessity of material things in life and hunts dreams that cannot come true, and the other aspect is the earthly and practical figure.

The imaginary knighthood obligates Don Quixote to adore an imaginary lady with all his heart, in whose service he performs all his chivalrous actions – his incomparable Doña Dulcinea del Toboso.

This gem of Spanish literature has captured the whole world, and, after the Bible, may be the most translated work. The characters are archetypes known worldwide. Ferrer Ferran composed the symphonic fantasy *El Quijote* on the occasion of the 400th anniversary of this literary work. The composition can (optionally) be performed with a narrator who declaims from Cervantes' work.

Biografía & descripción de la obra

Ferrer Ferran nació en Valencia, España, en 1966. A los quince años ya había terminado sus estudios de pianista y percusionista. Luego, obtuvo diplomas en el campo de música de cámara y acompañamiento, además de ser licenciado en composición y dirección por The Royal Academy of Music de Gran Bretaña.

Ferrer Ferran ha dado conciertos por toda España, en calidad de solista, con diferentes conjuntos de cámara, pero también como acompañante de grandes solistas internacionales, y ha trabajado con varias orquestas sinfónicas españolas. Asimismo, es compositor, pianista, director y docente en el Conservatorio Superior de Música de Valencia, donde está especializado en las asignaturas de composición y acompañamiento.

Ferrer Ferran

En su haber tiene numerosas composiciones para conjuntos musicales, coro, orquesta de cámara y orquesta sinfónica de viento. Frecuentemente, sus obras son estrenadas por renombrados conjuntos, y varias de ellas han sido seleccionadas como piezas obligadas en importantes concursos y festivales. Ferrer Ferran ha recibido mucho reconocimiento y diversos premios por sus composiciones, entre ellos, el de Juventudes Musicales de España. En algunas ocasiones ganó premios en Corciano (Italia).

Sus composiciones han sido publicadas por editoriales en España, Francia y Holanda. Desde 2002, sus obras son editadas por Ibermúsica.

El Quijote

Esta composición está dedicada a un lugar de la Mancha, Argamasilla de Alba. Ahí se encuentra la casa de Medrano con su ya célebre cueva, donde según la leyenda, Miguel de Cervantes estuvo preso y empezó a escribir *Don Quijote de la Mancha*. *El Quijote* es una fantasía sinfónica para Banda especialmente dedicada a todos los músicos de la Agrupación Musical Maestro Martín Díaz y a su director titular Miguel Carlos Gómez Perona.

Don Quijote de la Mancha es la obra maestra de Cervantes y una de las más admirables creaciones del espíritu humano. Es una caricatura perfecta de la literatura caballerescas, y sus dos personajes principales, Don Quijote y Sancho Panza, encarnan los dos tipos del alma española, el idealista y soñador, que olvida las necesidades de la vida material para correr en pos de inaccesibles quimeras, y el positivista y práctico, aunque bastante fatalista. Su condición de hidalgo le impone a Don Quijote la obligación de entronizar en su corazón una gran dama en cuyo servicio serán todas sus andanzas de caballerías. No habiendo en la realidad nada que requiera los servicios de la caballería, a nuestro caballero no le queda más servicio que el de su dueña, la sin par Doña Dulcinea del Toboso.

Esta apreciada joya de la literatura castellana ha sabido conquistar al mundo entero, y es quizás, después de la Biblia, la obra que se ha traducido a más idiomas, pasando a ser sus personajes, verdaderos arquetipos de categoría universal.

Ferrer Ferran compuso la fantasía sinfónica *El Quijote* para conmemorar el IV Centenario de la creación de este tesoro del mundo de las letras. En *El Quijote* puede intervenir un narrador, citando algunas frases del texto de Cervantes.

El Quijote

Diese Komposition ist „el lugar de la Mancha“ ('dem Ort in der Mancha') namens Argamasilla de Alba gewidmet. Dieser wunderschöne Ort diente als Quelle der Inspiration für dieses Werk, das zugleich ein Zeichen der Anerkennung für alle Musiker des Blasorchesters Maestro Martín Díaz und dessen Dirigent Miguel Carlos Gómez Perona ist.

Don Quixote, das literarische Meisterwerk von Cervantes, ist eines der bewunderungswürdigsten Kreationen des menschlichen Geistes: eine perfekte Karikatur des romantischen Rittertums. Die beiden Hauptcharaktere Don Quixote und Sancho Panza symbolisieren zwei Aspekte der spanischen Seele: einerseits den idealistischen Träumer, der die Notwendigkeit der materiellen Dinge im Leben vergisst und unrealisierbaren Träumen nachhängt, und andererseits die erdverbundene, praktische Figur.

Der eingebildete Ritterstand verpflichtet Don Quixote dazu, aus vollstem Herzen eine eingebildete Dame anzubeten, in deren Diensten er all seine ritterlichen Taten begeht – seine unvergleichliche Doña Dulcinea del Toboso.

Dieses Juwel spanischer Literatur hat die ganze Welt erobert und ist, nach der Bibel, vielleicht das in die meisten Sprachen übersetzte Werk. Die Charaktere des Romans sind weltweit bekannte Archetypen. Ferrer Ferran komponierte die sinfonische Fantasie *El Quijote* anlässlich des 400. Geburtstags des literarischen Werkes. *El Quijote* kann (wahlweise) mit einem Erzähler, der aus Cervantes Werk deklamiert, aufgeführt werden.

Ferrer Ferran

El Quijote

Cette œuvre est inspirée et dédiée à un lieu particulier de la Manche, Argamasilla de Alba, village où se trouve la maison de Medrano et sa désormais célèbre cave où, d'après la légende, Miguel de Cervantes aurait été emprisonné et aurait débuté l'écriture de *Don Quichotte*. *El Quijote* est également dédié à l'ensemble des musiciens de l'Orchestre d'Harmonie Maestro Martín Díaz et à son directeur Miguel Carlos Gómez Perona.

Don Quichotte de la Manche (*Don Quijote de la Mancha*), le chef-d'œuvre de Cervantes est une des créations les plus fascinantes de l'esprit humain : une parfaite caricature de la matière romanesque et du roman de chevalerie. Les deux personnages principaux, Don Quichotte et Sancho Panza représentent deux aspects de l'âme espagnole : l'un est le rêveur idéaliste qui oublie les biens matériels d'importance vitale et poursuit des rêves irréalisables, l'autre est un personnage pragmatique et raisonnable.

Comme dans les romans de chevalerie qu'il croit revivre, Don Quichotte choisit pour dame de ses pensées une femme imaginaire à laquelle il voe un amour passionné et dédie toutes ses actions chevaleresques : la sans pareille dame Dulcinée du Toboso.

Cette œuvre majeure de la littérature espagnole a fasciné des générations de lecteurs dans le monde si bien que *Don Quichotte* est aujourd'hui le livre le plus traduit, après la Bible. Ses personnages archétypes sont devenus internationalement célèbres. Ferrer Ferran a composé cette fantaisie symphonique à l'occasion des 400 ans de l'œuvre littéraire. *El Quijote* peut être interprété avec un récitant (optionnel) qui déclame des extraits du texte de Cervantes.

Biografie & werkbeschrijving

Ferrer Ferran werd in 1966 geboren in Valencia te Spanje. Al op de vroege leeftijd van vijftien jaar was hij afgestudeerd als pianist en slagwerker. Ook behaalde hij diploma's op het gebied van kamermuziek en begeleiding. Hij is afgestudeerd in compositie en directie aan de Royal Academy of Music in Groot-Brittannië.

Ferran heeft overal in Spanje concerten gegeven: als solist en samen met kamerensembles, maar ook als begeleider van grote internationale solisten. Hij werkt samen met een aantal Spaanse symfonieorkesten. Verder is hij als componist, pianist, dirigent en docent verbonden aan het *Conservatorio Superior de Música de Valencia* in Spanje. Ferran is gespecialiseerd in de vakken compositie en begeleiding.

Ferrer Ferran

Vele composities, onder meer voor ensemble, koor, kamerorkest en symfonisch blaasorkest, staan op zijn naam – de premières zijn veelal uitgevoerd door gerenommeerde ensembles. Verschillende van zijn werken werden geselecteerd als verplichte stukken bij belangrijke concoursen en festivals. Verder heeft hij diverse prijzen gewonnen en erkenning gekregen voor zijn composities, zoals van de *Juventudes Musicales de España* (jonge musici van Spanje); ook won hij een aantal prijzen in Corciano (Italië).

Zijn composities zijn gepubliceerd door uitgevers in Spanje, Frankrijk en Nederland. Sinds 2002 worden zijn werken uitgegeven onder het label Ibermúsica.

El Quijote

Deze compositie is opgedragen aan 'el lugar de la Mancha' (een plek in La Mancha), genaamd Argamasilla de Alba: de prachtige plaats die de inspiratiebron vormde. Dit werk is ook een blijk van waardering voor alle musici van het orkest Maestro Martín Diaz en zijn dirigent Miguel Carlos Gómez Perona.

Don Quichot, het meesterwerk van Cervantes, is een van de meest bewonderenswaardige scheppingen van de menselijke geest: een perfecte karikatuur van de riddersroman. De twee hoofdpersonen, Don Quichot en Sancho Panza, belichamen twee aspecten van de Spaanse ziel: aan de ene kant is er de idealistische dromer, die de noodzaak van de materiële zaken van het leven vergeet en niet te verwezenlijken dromen najaagt, en aan de andere kant is er de aardse en praktisch ingestelde figuur.

Het ingebeelde ridderschap verplicht Don Quichot ertoe met heel zijn hart een (denkbeeldige) dame te vereren, in wier dienst hij al zijn ridderlijke bezigheden verricht – zijn onvergelijkelijke Doña Dulcinea del Toboso.

Dit juweel van de Spaanse literatuur heeft de hele wereld weten te veroveren en is op de Bijbel na misschien wel het meest vertaalde werk. De personages zijn wereldwijd bekende archetypen. Ferrer Ferran componeerde de symfonische fantasie *El Quijote* ter gelegenheid van het vierhonderdjarig bestaan van dit literaire werk. De compositie kan (optioneel) worden uitgevoerd met een verteller die passages uit het werk van Cervantes declameert.

Compás 13

En un lugar de la Mancha, de cuyo nombre no quiero acordarme, no ha mucho tiempo que vivía un hidalgo de los de lanza en astillero, adarga antigua, rocín flaco y galgo corredor.

Compás 17

Una olla de algo más vaca que carnero, salpicón las más noches, duelos y quebrantos los sábados, lentejas los viernes, algún palomino de añadidura los domingos, consumían las tres partes de su hacienda.

Compás 27

Es, pues, de saber que este sobredicho hidalgo, los ratos que estaba ocioso [...], se daba a leer libros de caballerías, con tanta afición y gusto, que olvidó casi de todo punto el ejercicio de la caza, y aun la administración de su hacienda. Y llegó a tanto su curiosidad y desatino en esto, que vendió muchas hanegas de tierra de sembradura para comprar libros de caballerías en que leer [...].

Compás 47

Y así, después de muchos nombres que formó, borró y quitó, añadió, deshizo y tornó a hacer en su memoria e imaginación, al fin le vino a llamar Rocinante: nombre, a su parecer, alto, sonoro y significativo de lo que había sido cuando fue rocín, antes de lo que ahora era, que era antes y primero de todos los rocinés del mundo.

Compás 79

Llamábase Aldonza Lorenzo, y a ésta le pareció ser bien darle título de señora de sus pensamientos;

Compás 83

y, buscándose nombre que no desdijese mucho del suyo y que tirase y se encaminase al de princesa y gran señora, vino a llamarla Dulcinea del Toboso, porque era natural del Toboso; nombre, a su parecer, músico y peregrino y significativo, como todos los demás que a él y a sus cosas había puesto.

Compás 95

[...]; y así, se dio luego orden como velase las armas en un corral grande que a un lado de la venta estaba;

Compás 99

y recogiéndolas don Quijote todas, las puso sobre una pila que junto a un pozo estaba, y, abrazando su adarga, así de su lanza, y con gentil continente se comenzó a pasear delante de la pila; y cuando comenzó el paseo, comenzaba a cerrar la noche.

Narrator

Compás 115

[...] tanto le dijo, tanto le persuadió y prometió, que el pobre villano se determinó de salirse con él y servirle de escudero.

Compás 119

Decíale entre otras cosas don Quijote, que se dispusiese a ir con él de buena gana, porque tal vez le podía suceder aventura que ganase, en quítame allá esas pajas, alguna ínsula, y le dejase a él por gobernador della. Con estas promesas y otras tales, Sancho Panza, que así se llamaba el labrador, dejó su mujer e hijos y asentó por escudero de su vecino.

Compás 137

[...] ansimismo pensaba llevar un asno que tenía muy bueno, porque él no estaba ducho a andar mucho a pie. En lo del asno reparó un poco don Quijote [...] ; mas con todo esto determinó que le llevase con presupuesto de acomodarle de más honrada caballería en habiendo ocasión para ello, quitándole el caballo al primer descortés caballero que topase.

Compás 144

Iba Sancho Panza sobre su jumento como un patriarca, con sus alforjas y su bota, y con mucho deseo de verse ya gobernador de la ínsula que su amo le había prometido.

Compás 159

En esto, descubrieron treinta ó cuarenta molinos de viento que hay en aquel campo;

Compás 161

y, así como don Quijote los vio, dijo a su escudero:

Compás 166

- La ventura va guiando nuestras cosas mejor de lo que acertáramos a desejar, porque ves allí, amigo Sancho Panza, donde se descubren treinta, o pocos más, desaforados gigantes, con quien pienso hacer batalla y quitarles a todos las vidas, con cuyos despojos comenzaremos a enriquecer; que ésta es buena guerra, y es gran servicio de Dios quitar tan mala simiente de sobre la faz de la tierra.

Compás 196

De allí a poco, descubrió don Quijote un hombre a caballo, que traía en la cabeza una cosa que relumbraba como si fuera de oro, y aún él apenas le hubo visto, cuando se volvió a Sancho y le dijo:

Compás 209

- Paréceme, Sancho, que no hay refrán que no sea verdadero, porque todos son sentencias sacadas de la misma experiencia, madre de las ciencias todas, especialmente aquél que dice: "Donde una puerta se cierra, otra se abre."

El Quijote

Fantasia Sinfónica

Ferrer Ferran

Measure 13

Somewhere in La Mancha, in a village whose name I have no wish to recall, there lived not so long ago, one of those gentlemen who keeps a lance in the lance-rack, an old buckler, a lean old horse, and a hunting dog.

Measure 17

A casserole more of beef than mutton, a salad on most nights, scraps on Saturdays, lentils on Fridays, and a pigeon or so extra on Sundays, made away with three-quarters of his income.

Measure 27

You must know, then, that this aforementioned gentleman whenever he was at leisure [...] spent his time reading books of chivalry with such ardour and keenness that he almost entirely neglected the pursuit of his field-sports, and even the management of his property; and such intense level did his eagerness and obsession reach, that he sold many an acre of his cultivated land to buy books on chivalry to read [...].

Measure 47

And so, after having invented, crossed out, rejected, added to, unmade, and remade a multitude of names out of his memory and imagination, he decided to call him Rocinante, a name, to his way of thinking, lofty, sonorous, and appropriate to his status as an old nag, before he became what he now was ; the first and foremost of all the old nags in the world.

Measure 79

Her name was Aldonza Lorenzo, and upon her he thought fit to confer the title Lady of his Thoughts;

Measure 83

and after some search for a name which should not be out of harmony with her own, and should suggest and indicate that of a princess and great lady, he decided to call her Dulcinea del Toboso - as she was from El Toboso - a name, to his mind, musical, uncommon, and significant, like all those he had already bestowed upon himself and his belongings.

Measure 95

[...] it was arranged there and then that he should watch his armour in a large courtyard at one side of the inn.

Measure 99

Collecting it all together, Don Quixote placed it on a trough that stood by the side of a well, and bracing his buckler on his arm he grasped his lance and began with a stately air to march up and down in front of the trough, and as he began his march, night began to fall.

Measure 115

In a word, he so talked him round so persuasively, and with such promises, that the poor clown made up his mind to sally forth with him, to serve him as his squire.

Narrator

Measure 119

Don Quixote, among other things, told him he ought to be ready to go with him gladly, because any moment an adventure might occur that might win an island in the twinkling of an eye and leave him as its governor. On these and other such promises Sancho Panza (for so the peasant was called) left his wife and children, and pledged himself as squire to his neighbour.

Measure 137

[...] and that he also meant to take along a fine donkey he had, as he was not much given to going on foot. A propos the donkey, Don Quixote hesitated a little [...]. Nevertheless, he decided to take him, intending to furnish him with a more honourable mount when the opportunity arose, by commandeering the horse of the first discourteous knight he encountered.

Measure 144

Sancho rode on his donkey like a patriarch, with his provisions and his wine sack, longing to see himself soon made governor of the island his master had promised him.

Measure 159

At this point they came in sight of thirty or forty windmills that there are on the plain,

Measure 161

and as soon as Don Quixote saw them he said to his squire:

Measure 166

"Fortune is arranging matters for us better than we could have possibly hoped, for look there, Sancho Panza my friend, where thirty or more monstrous giants are lined up, all of whom I mean to engage in battle and slay, and with whose spoils we shall begin to make our fortunes; for this is a just war, and it is God's good service to sweep so evil a breed from off the face of the earth."

Measure 196

Shortly afterwards Don Quixote noticed a man on horseback who wore on his head something that shone like gold, and the moment he saw him, he turned to Sancho and said:

Measure 209

"I think, Sancho, all proverbs must be true, drawing as they do from experience itself, the mother of all the sciences. And there can be no truer proverb than the one that says, 'Where one door shuts, another door opens.'

Measure 222

I say so because if last night Fortune shut the door against us to the adventure we were looking for, cheating us with the fulling mills, it now opens wide another door to a better and more certain adventure, and if I do not contrive to enter it, it will be my own fault, and I cannot blame it on my ignorance of fulling mills, or the darkness of the night. I say this because, if I am not mistaken, we are being approached by one who wears on his head the helmet of Mambrino [...]."

Measure 258

As nothing that is man's can last for ever, but all tends ever downwards from its beginning to its end - especially man's life - and as Don Quixote's life enjoyed no special dispensation from heaven to stay its course, the end came when he was least expecting it.

Narrator

Measure 268

And then, turning to Sancho, he said:

"Forgive me, my friend, that I caused you to seem as mad as myself, making you fall into the same error of judgement that I did, in thinking there were and still are knights-errant in the world."

Measure 278

"Sirs, not so fast," said Don Quixote, "in last year's nests, there are no birds this year. I was mad - now I have come to my senses; I was Don Quixote of La Mancha, I am now, as I said, Alonso Quixano the Good [...]."

Ayuntamiento de Madrid

Narrator

Compás 222

Dígolo, porque si anoche nos cerró la ventura la puerta de la que buscábamos, engañándonos con los batanes, ahora nos abre de par en par otra, para otra mejor y más cierta aventura; que si yo no acertare a entrar por ella, mía será la culpa, sin que la pueda dar a la poca noticia de batanes ni a la escurridad de la noche. Digo esto porque, si no me engaño, hacia nosotros viene uno que trae en su cabeza puesto el yelmo de Mambrino [...].

Compás 258

Como las cosas humanas no sean eternas, yendo siempre en declinación de sus principios hasta llegar a su último fin, especialmente las vidas de los hombres, y como la de don Quijote no tuviese privilegio del cielo para detener el curso de la suya, llegó su fin y acabamiento cuando él menos lo pensaba;

Compás 268

Y, volviéndose a Sancho, le dijo:

- Perdóname, amigo, de la ocasión que te he dado de parecer loco como yo, haciéndote caer en el error en que yo he caído, de que hubo y hay caballeros andantes en el mundo.

Compás 278

- Señores -dijo don Quijote-, vámonos poco a poco, pues ya en los nidos de antaño no hay pájaros hogaño; yo fui loco y ya soy cuerdo; fui don Quijote de la Mancha, y soy agora, como he dicho, Alonso Quijano el Bueno.
