Mía se siente sola.

**Está harta de la gente, de su insti, de
su sombra...**

**Solo esperaba que alguien la salvara.
Pero quizá no es eso lo que realmente
necesite.**

Una historia sin palabras.

Mia feels lonely.

*She's fed up with people, with her school,
with her shadow...*

*She was just waiting for someone to save her.
But maybe that's not what she really needs.*

A story without words.
