Loke

I have always wanted
to do something great,

something different,

change the world,
be like no one.

But I'm tired,
I need a nap,

a safe space

for me.

I need to create

I need to grow

I need to exist

I need to rest

I need to be

I need to

I need

This won't be something
important,

maybe I won't do anything
important in my life,

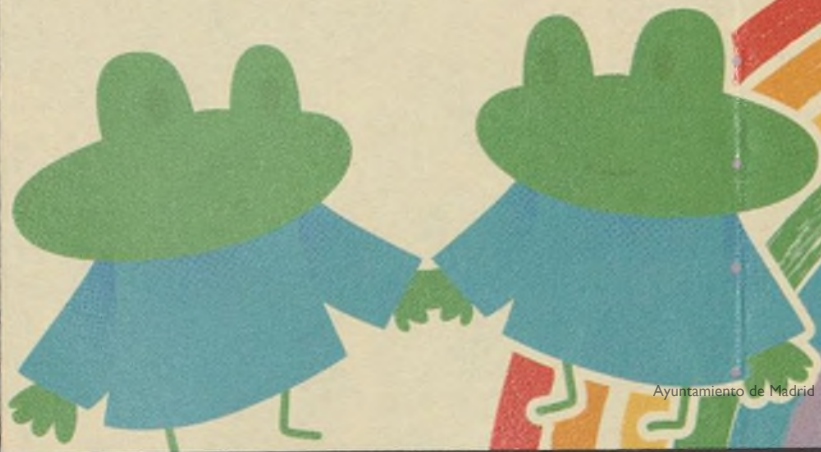

not from a global perspective,

and that's okay.

I like to help my friends,
That's important

I love making friends even
if I'm REALLY shy
and it's hard.

That's important

Ayuntamiento de Madrid

That's
important

I don't have to be special, just me

I don't need to impact
everybody's lives

I need to impact my
friend's lives

Impact my life
Do it for me
and for
those I
care
about

Why would I wanna be special if I can be free?

I wanna be
myself

We're not alone Thanks for stay with me

Be nice to others
and yourself
